If such compensatory time is not taken by the end of the last full payroll period in November in the year in which it was earned, the Employee shall be paid for it by separate check on or before December 31st. Any assistance or testimony subsequently required of the Employee in civil and criminal proceedings, administrative proceedings, etc. resulting from the off-duty action taken by the Employee shall be compensated pursuant to the applicable provisions of the contract. If a vacation is nevertheless canceled, except as provided above, the Employee shall not be charged for the use of the vacation day and shall receive recall pay in accordance

with Section 21 of the Agreement.

(g) Employees who have a major illness or injury while on vacation may use their sick leave for the remainder of the illness and have their vacation time adjusted, provided proper notice is given and a doctor's certificate is presented, and provided further, the doctor assigned to the medical evaluation unit, at the option of the County, shall examine the Employee, and provided further that the Commissioner approves the adjustment.

(h) Employees shall have the right to accrue a maximum of One Hundred Twenty (120) days of vacation, which shall be paid out upon termination or retirement. The maximum year end carry over shall be ninety (90) days.

(i) An Employee whose services are terminated for any reason except for cause, shall be entitled to vacation pay for a portion of year worked, which shall include the first year after appointment (prorated on a monthly basis).

(j) Employees who so desire may volunteer to work, if acceptable to the Department, for a period of ten (10) days during their annual vacation. Such work will be compensated at straight time, unless an Employee works in excess of eight (8) hours (ten (10) hours where applicable) or unless an Employee works on a holiday, in which cases the applicable overtime compensation and holiday pay will be given. Such volunteers may be assigned to any normal police duties.

(k) Probationary Employees may take in advance all or part of their to-be-accrued vacations immediately upon their graduation from the Police Academy, but prior to reporting to assignment.

(l) If a holiday falls during an Employee's vacation on a day which the Employee would ordinarily be scheduled to work, that Employee shall be entitled to extend his/her vacation by one (1) working day, or receive one (1) day compensatory time, the choice being that of the County.

SECTION 24. HOLIDAYS

(a) Employees shall be entitled to the following paid holidays: New Year's Day, Martin Luther King Day, Lincoln's Birthday, Washington's Birthday, Easter, Memorial Day, Independence Day, Labor Day, Columbus Day, Election Day, Veterans' Day, Thanksgiving Day, and Christmas Day. For purposes of this section, the holiday shall be considered the day on which it is celebrated.

(b) Employees shall receive as an additional holiday or holidays any special day or days declared by

the President of the United States, the Governor of the State of New York, or the Executive of the County of Suffolk, to be a non-working day for the majority of other County Employees. Employees shall celebrate and receive holiday benefits for these additional holidays in the same manner as other holidays specifically named herein.

(c) Employees eligible for Veterans' Day are to receive a compensatory day off within a period of one (1) year next following such date if they are required to work on any such day.

(d) Employees shall receive their regular compensation for all of the aforesaid holidays.

(e) Nothing herein contained shall affect the right of the Commissioner of Police to require any Employee covered by this provision to work on any of the holidays enumerated herein.

(f) Payment shall be made for such holiday compensation on the Thursday following the first pay day in July of each year for the holidays which fall during the period from January 1st to and including Independence Day, and on the Thursday following the first pay day in December of each year for the holidays which fall during the period immediately following Independence Day through December 31st.

(g) For an Employee who actually works any hours during a day observed as a holiday under this Agreement shall receive, in addition to his/her regular day's pay or overtime pay, one-half (1/2) hour of additional holiday compensation for each hour actually worked on the holiday. Employees shall have the option to accrue compensatory time in lieu of pay. A holiday begins at 0001 hours and ends at 2400 hours and only hours actually worked between those times (twenty-four (24) hour period) will be compensated with additional holiday compensation. For an employee who has a regularly scheduled workday on a day observed as a holiday and is ordered not to work such day, except in the case of Veteran's Day or Memorial Day, he/she shall receive additional holiday compensation for those hours that would have fallen within the twenty-four (24) hour holiday period as just described.

(h) Employees who deferred their December 1991 holiday pay of six (6) days and four (4) days of their July 1992 holiday pay, for a total of ten (10) days shall be paid on the December 2000 holiday payroll, the employee's retirement date or separation of service, or at any time with a proven hardship; at which time they shall receive a lump sum repayment of all deferred holiday pay to be paid at the prevailing rate of pay.

SECTION 25. PERSONAL LEAVE DAYS

(a) Except as set forth in Section 19(C-3), every Employee shall be entitled to five (5) days on which he/she may absent himself/herself from duty for the purpose of taking care of and providing for his/her business affairs, family affairs and other personal problems which shall not, however, include absence for funerals or illness.

(b) Personal leave days shall not be prorated for portions of a year worked, but the full entitlement shall be given to an Employee who is employed at any time during the calendar year, except for the first year of employment, for which the Employee shall be entitled to one (1) day for each third of a year or part thereof.

Personal Leave time shall only be prorated during the first year of employment and shall be granted January 1 of each succeeding year based at the rate of four (4) days the first January 1, and five (5) days the following January 1. For Example: An officer hired May 1, 1998 would be prorated at two (2) personal leave days upon hiring. On January 1, 1999 this officer would be credited with four (4) personal days. Each January 1, thereafter five (5) personal days would be credited.

(c) Unused personal leave days at the end of a calendar year shall not be lost but shall become part of the Employee's accumulated sick leave.

(d) An Employee selecting a personal leave day shall be given preference over an Employee selecting his/her compensatory time.

(e) Except as provided in Section 25(f), the County shall not cancel personal leave days except for public emergencies and the actual full mobilization of the Department unless an Employee is served with a subpoena at least two (2) working tours before the commencement of the tour of the leave day or the time of reporting, whichever is applicable. If personal leave is nevertheless canceled, except as provided above, the Employee shall not be charged for the use of a personal leave day and shall receive recall pay in accordance with Section 21 of the present Agreement.

(f) The Department shall be entitled to deny employees personal leave days under circumstances where the Department determines that they must replace an excused Officer through overtime and were unable to secure a volunteer to work the overtime after employing every reasonable effort.

SECTION 26. MATERNITY LEAVE AND LEAVES OF ABSENCE

(a) An Employee with one (1) year or more of service shall be granted maternity leave of eighteen

(18) months duration from the date of pregnancy but not longer than nine (9) months after the birth of the child and shall be returned to duty without loss of seniority and longevity provided she notifies the Department after six (6) months of leave that she intends to return. Longevity and seniority, however, shall not accrue during such leave. The doctor assigned to the medical evaluation unit, after consultation with the Employee's physician, shall determine when the Employee no longer is able to properly perform her duties. The Employee, at her sole discretion, may use sick leave, vacation, personal days, or compensatory time before being taken off the payroll. Such time shall be part of the eighteen (18) months. Upon return from such maternity leave, the Employee shall be returned to service in the same rank but not necessarily to the same assignment.

(b) A leave of absence may be granted for child care leave in accordance with Appendix C.

(c) A leave of absence up to one (1) year without pay may be granted by the Police Commissioner upon application of an officer. Upon return from such leave of absence, the officer shall be returned to service in the same pay step, but not necessarily to the same assignment.

SECTION 27. DEATH LEAVE

An Employee, on application to his/her Commanding Officer, shall be granted three (3) working or four (4) calendar days leave of absence with full pay, whichever is greater, in case of death in his/her "immediate family" which shall be defined as his/her wife/husband, child, father, mother, brother, sister, parent-in-law, step-parent, grandparent, grandparent-in-law, and grandchild. An Employee shall be granted a one (1) working day leave of absence in case of death of his/her son-in-law, daughter-in-law, brother-in-law, sister-in-law, fosterparent, fosterchild, nieces, nephews, uncles, aunts, half-brother and half-sister.

SECTION 28. BILL OF RIGHTS

All Employees shall be entitled to the protection of what shall be hereafter termed as the "Bill of Rights for Issues of Police Officers in said classifications of the Suffolk County Police Department" and which provides as follows:

The Police Department has established the following procedures to govern the conduct and control of investigations.

The wide ranging powers and duties given to the Department and its members involve them in all manner of contacts and relationships with the public. Out of these contacts come many questions concerning

the actions of Employees. These questions often require immediate investigation by superior officers designated by the Police Commissioner and the Inspectional Service Bureau of the Suffolk County Police Department. In an effort to ensure that these investigations are conducted in a manner which is conducive to good order and discipline, the following guidelines are promulgated:

(1) When a Police Officer is ordered to attend an Internal Affairs interview, such interview will take place between 9:00 a.m. and 6:00 p.m. unless the exigencies of the investigation dictate otherwise. If the interview takes place after the completion of the officer's normal tour, the officer will be paid at the overtime rate from the completion of the tour until the completion of the interview, and minimum recall shall not apply. If an officer is ordered to attend an Internal Affairs interview on a day off, the officer will be entitled to recall pay.

(2) The interrogations shall take place at a location designated by the investigating officer. Usually it will be at the command to which the investigating officer is assigned or at the precinct within which the incident allegedly occurred.

(3) The Employee shall be informed of the rank, name and command of the officer in charge of the investigation, as well as the rank, name and command of the interrogating officer and of all persons present during the interrogation, and shall be advised of his/her right to an adjournment in order to have his/her counsel and/or Association representative present.

If an Employee is directed to leave his/her post and report for interrogation to another command, his/her command shall be promptly notified of his/her whereabouts.

(4) The Employee shall be informed of the nature of the investigation before any interrogation commences, including the name of the complainant. The address of complainants and/or witnesses need not be disclosed; however, sufficient information to reasonably apprise the Employee of the allegations should be provided. If it is known that an Employee being interrogated is the target of a criminal investigation or a witness only, he/she should be so informed at the initial contact.

(5) The questioning shall not be overly long. Reasonable respites shall be allowed. Time shall also be provided for personal necessities, meals, telephone calls and rest periods as are reasonably necessary.

(6) The Employee shall not be subjected to any offensive language, nor shall he/she be threatened

with transfer, dismissal or other disciplinary punishment. No promises of reward shall be made as an inducement to answering questions.

(7) The complete interrogation of the Employee shall be recorded mechanically or by a department stenographer. All recesses called during the questioning shall be recorded. The Employee or his/her counsel shall be entitled to a transcript of such stenographic record within a reasonable time after such interrogation.

(8) If an Employee is under arrest or is likely to be, that is, if he/she is a suspect or the target of a criminal investigation, he/she shall be given his/her rights pursuant to the Miranda decision.

(9) Except as provided in eight (8) immediately preceding, the law imposes no obligation, legal or otherwise, on the Department to provide an opportunity for an Employee to consult with counsel or anyone else when questioned by a superior officer about his/her employment or matters relevant to his/her continuing fitness for police service. Nevertheless, in the interest of maintaining the usually high morale of the force, the Department shall afford an opportunity for an Employee, if he/she so requests, to consult with counsel and/or with a representative of the Association before being questioned concerning a serious violation of the Rules and Procedures, provided the interrogation is not unduly delayed. However, in such cases, interrogation may not be postponed for purposes of consultation past 10:00 a.m. of the day following the notification of interrogation. The Employee shall have the right to have his/her counsel and/or Association representative present to assist him during the interrogation.

SECTION 29. DISCIPLINARY PROCEDURES

(a) If an Employee pleads guilty or is found guilty of a violation of the Rules and Procedures and is fined by the Commissioner, the Employee may choose to satisfy the penalty so assessed by having compensatory time or vacation time equivalent to the amount of the fine subtracted from his/her accumulation, or he/she may earn a sufficient amount of additional compensatory time so as to satisfy the penalty. This provision shall be at the Employee's sole discretion if the penalty is five (5) days or less but with the Commissioner's consent if more than five (5) days. This provision does not prevent the Employee from choosing a suspension as under the present practice.

(b) There shall be an eighteen (18) month statute of limitations for the Department to institute disciplinary actions. The institution of charges shall be considered the serving of charges and specifications. The eighteen (18) month period shall

begin running from the date the violation is discovered or should have been discovered by reasonable investigation. A determination as to guilt or innocence and punishment, if any, shall be made within sixty (60) days after the receipt of the minutes unless an Employee consents to a longer period. At the end of the sixty (60) day period, if no determination has been made, the charges and specifications shall be deemed dismissed.

(c) If an Employee is suspended prior to dismissal, he/she shall not lose, during such period of suspension, any medical benefits to which he/she would be entitled if on active duty. Such benefits shall include but not be limited to health insurance, welfare plan, etc.

(d) Subsequent to the filing of disciplinary charges in accordance with paragraph (b) hereof, the Employee may elect to proceed to arbitration in lieu of a disciplinary trial. Arbitration shall be invoked within ten (10) days after charges are served and an arbitrator selected in accordance with the provisions of Section 30 C (4) (Grievance Procedure). Should the Employee elect to proceed to arbitration, such Employee shall execute a complete waiver of any right as provided by NYS Civil Service Law Section 76, or similar law, to appeal an adverse determination.

(e) An arbitrator selected pursuant to paragraph (d) hereof, shall determine the guilt or innocence of the Employee and if guilty, the penalty to be imposed. The finding of guilt or innocence and any penalty therewith shall constitute the award of the arbitrator. The award of the arbitrator shall be final and binding and not subject to review. The provisions of paragraph (a) hereof as they relate to satisfaction of penalty shall apply to any penalty imposed in arbitration.

(f) 1. Command Discipline where the penalty sought is to be five (5) days or less is excluded from the arbitration option. However, should an Employee opt for a Section 75 Hearing, the penalty at the completion of such hearing shall not exceed five (5) days.

2. Police Officers electing the arbitration option must be represented exclusively by the PBA or their designated counsel; they must waive Section 75 and 76 of the Civil Service Law and such waivers shall be executed at the time of exercising the arbitration option.

3. In non-discharge cases, the Commissioner may impose discipline subject to the arbitrator's decision whenever such decision has not been rendered within one hundred twenty (120) days of the filing of said charges.

4. The parties shall expedite arbitration proceedings by selecting only those arbitrators who can hear the case within thirty (30) days and then render their decision within thirty (30) days of the completion of the hearing.

5. Arbitration proceedings shall no longer be bifurcated. Issues of just punishment and past record shall be presented as the final aspect of the arbitration case.

SECTION 30. GRIEVANCE PROCEDURES

A. PREAMBLE

In order to establish a more harmonious and cooperative relationship between the County and the Employees, and to avoid and resolve disputes involving alleged violations of the terms of this Agreement, it is the purpose of this provision of this Agreement, to provide for the settlement of differences through an orderly grievance procedure. All the provisions of this Section of this Agreement shall be liberally construed for the accomplishment of this purpose.

B. BASIC STANDARDS AND PRINCIPLES

1. Every Employee shall have the right to present his/her grievances in accordance with the procedures prescribed hereunder, with or without a representative of his/her own choosing, free from interference, coercion, restraint, discrimination or reprisal. There shall be no discrimination against any member of the Police Department because such member has formed, joined or chosen to be represented by any Employee organization for the purpose of this provision. The Association shall have the right to initiate a grievance of any Employee of the Police Department and the Association shall have the right to initiate group grievances. Such group grievances shall be initiated at the second (2nd) level (Commissioner).

2. It is a fundamental responsibility of supervisors at all levels to consider and, commensurate with authority delegated by the head of the department or agency, to take appropriate action promptly and fairly upon the grievances of their subordinates. To this end appropriate authority shall be delegated to supervisors by heads of departments and agencies.

3. The Commanding Officer of each command shall be responsible for carrying out the provisions of this procedure and the regulations prescribed hereunder and maintaining the standards herein prescribed in his/her Command.

4. The Commanding Officer or each of their designated representatives shall hold conferences at appropriate times with members of the Police Department on problems relating to conditions of

employment and the continued improvement of the public service. Proposed new rules or modifications of existing rules governing working conditions should, wherever practicable, be announced in advance and discussed in conference with Employee representatives before they are established. Employees are encouraged to contribute their experiences and their ideas to the solution of problems in the public service and to acquire a feeling of identification with the objectives of their Department or Command.

C. CONSIDERATION OF GRIEVANCES

Employees, supervisors and appointing authorities are expected to exhaust every administrative device to settle amicably all differences of opinion. In the interest of uniform procedure and to expedite handling, Employees are expected to present their problems or grievances through regular supervisory channels in the following order and within thirty (30) days from the incident complained about or from the time the incident should have been known to the grievant, or the grievance shall be deemed waived.

In matters beyond the authority of the Precinct or Bureau Commander, the Commander shall advise the Employee in writing within three (3) business days after such discussion to submit his/her grievance in writing so that it may be taken up at the second level with the Police Commissioner. One (1) Association delegate or trustee in each command or precinct shall be permitted to devote a reasonable period of time during the tour, or the next succeeding tour, in which a grievance arises to handle or process such grievance. The handling or processing of a grievance shall include conferring with supervision.

In such case, the specific nature of the grievance and the facts relating thereto shall be reduced to writing jointly or separately by the Employee and his/her superior. If a hearing is

requested, the Police Commissioner shall conduct a hearing within five (5) business days after receipt of such request. If the Employee is still aggrieved, or if a group grievance which is initiated at the second level remains unsatisfied, the grievant or the Association may refer the grievance to the third (3rd) level.

3. Third Level: Director of Labor Relations

If the grievance is not satisfactorily settled by the Police Commissioner, the Employees may appeal in writing to the Director of Labor Relations of the County of Suffolk within ten (10) business days of the receipt of the decision of the Police Commissioner. He/she shall review the entire record made to date and render his/her decision, with a copy to the Employee, within five (5) business days of receipt of such appeal. If the Employee is still aggrieved or if it is a group grievance, which remains unsatisfied, the Association may request in writing to the American Arbitration Association that binding arbitration be invoked to consider the matter.

4. Fourth Level: Arbitration

(a) Effective January 1, 2004 a panel of arbitrators shall be utilized for all grievance and disciplinary arbitrations to conduct hearings. Arbitration shall be initiated by the Association from the rotating panel listed below. The arbitrators on this panel shall be:

An Employee and his/her representative shall be allowed such time off from their regular duties as may be necessary and reasonable for hearings and discussions.

E. REPRESENTATION

APPENDIX A-1

Appendix A-1 shall apply to any claims for General Municipal Law 207-c benefits filed on or after January 1, 2003. It shall sunset, and be null and void unless extended in writing by the parties, at midnight on December 31, 2008.

During the above stated period, the County will study and evaluate this Agreement's impact on the Police Department regarding claims for benefits pursuant to Section 207-c's performance of duty standard and, specifically, the difference, if any, between grants and denials of those claims pursuant to the procedures and criteria set forth in this Appendix A-1 as opposed to those set forth in then prevailing case law; e.g. Balcerak and its progeny. The parties shall meet to discuss the results of this study and evaluation, and whether to continue this Appendix A-1 and its provisions, by not later than six months prior to December 31, 2008. Failure of the parties to agree on continuation will result in reversion to the procedures of Appendix A in effect prior to January 1, 2003. Nothing contained in this paragraph, nor any action or inaction of the parties relating thereto, shall be subject to the grievance procedure or to any PERB or Court proceeding.

The parties reserve their respective rights regarding CBA Section 22 (f) and to argue that the benefits described in that Section do or do not apply to an employee who has (i) been approved for workers' compensation benefits, (ii) been denied 207-c benefits, and (iii) is not utilizing sick time benefits. The deletion of the reference to "Code 401" from Section 22(f) pursuant to Appendix A-1 shall be without prejudice to the parties' positions in any grievance or arbitration proceeding.

The parties agree that, upon termination of Appendix A-1, the so-called "Brent Awards" regarding Police officers Jones, Horn, Gromacki, and Gerber shall not be cited or utilized as precedent regarding the determination of an employee's entitlement to 207-c benefits.

1. The purpose of this Appendix A-1 is to enable the SUFFOLK COUNTY POLICE DEPARTMENT ("the DEPARTMENT") and the SUFFOLK COUNTY POLICE BENEVOLENT ASSOCIATION, INC. ("the PBA") to resolve disputed cases of whether an employee reportedly injured in the performance of the employee's duties or allegedly taken sick as the result of the performance of the employee's duties so as to necessitate medical or other lawful remedial treatment is entitled to benefits pursuant to General Municipal Law section 207-c (a/k/a "Code 401 status"). Section 207-c requires a due process hearing to resolve such disputes. The parties wish to resolve these disputes in a prompt, fair and equitable manner and consequently have agreement that these issues in dispute may be

resolved through the use of an employee option to utilize an independent medical consulting service, joint committee and/or arbitration in lieu of the above stated due process hearings.

2. An employee whose initial request for 207-c benefits is in dispute shall be retained in sick leave status, unless workers' compensation status has been granted or awarded, until a final and binding decision is made as set forth below. In the event that the employee prevails, all sick time and other entitlements as set forth in Section 22(f) shall be restored and the absence shall be recorded as a 207-c absence.

3. If a controverted application for workers' compensation status is finally resolved in the employee's favor, or if the County does not controvert the application, then the employee's 207-c application will be processed as set forth below. In this event the sole issue to be determined relative to the employee's request for 207-c status shall be whether the employee was injured in the performance of the employee's duties, as described below in Section 5(b). The final resolution of the workers' compensation application shall be final and binding on the Department and the police officer with respect to the issue of whether the employee's injury or illness was causally related to the employee's duties.

4. Issues which shall be affected and/or determined by the use of an independent medical facility are as follows:

- (a) Whether a physical illness or injury (physical or mental) was incurred in the performance of his/her duties as set forth in Section 207-c.
- (b) Whether a current illness or injury (mental or physical) is a recurrence or aggravation of a prior illness or injury which occurred in the performance of police duties as set forth in Section 207-c.
- (c) Whether an employee on Section 207-c status has sufficiently recovered and is physically and mentally able for either temporary limited duty assignments or full duty.

For the purposes of this Appendix A-1, temporary limited duty shall be determined by the hearing officer or medical consulting service.

5. (a) If the Department does not believe that the employee's application for 207-c status was timely filed, or that the application should be denied because the employee was not injured in the performance of the employee's duties, then the Department may dispute the application within thirty (30) calendar days of the date on which the Department receives a line of duty

injury report.

(b) The employee may elect to have the dispute over the employee's initial application for Section 207-c status resolved at either a due process hearing conducted pursuant to General Municipal Law Section 207-c by a hearing officer selected by the County or by a joint committee consisting of the Director of Labor Relations or designee, the Police Commissioner or designee and the PBA President or designee.

(i) If and only if the Employee elects to have the committee attempt to resolve the dispute' then initial Section 207-c status shall be presumptively granted if the employee reports being injured as a direct consequence of lawfully performing any of the following police duties:

- (a) Dealing with a prisoner;
- (b) Attempting to effect arrest;
- (c) An adversarial contact with a member of the public;
- (d) In the process of aiding the public or protecting property;
- (e) During active police training;
- (f) Any other conduct that is unique and peculiar to police work.

(ii) The committee shall meet at least quarterly to review all pending cases and shall issue a written determination on the employee's application to the Department, the PBA and the employee. A unanimous decision shall be binding on all parties and not be subject to review by any third party. If there is a dissenting vote, then the dispute shall be resolved pursuant to Section 30(c)(4). In this event, the arbitrator shall apply the criteria set forth in Section 5(b)(i) in determining whether the employee was injured in the performance of the employee's duties.

(iii) If the employee elects to have a due process hearing conducted pursuant to General Municipal Law Section 207-c to resolve the dispute, then the provisions of Section 5(b)(i) shall not apply. The hearing officer shall instead apply the criteria then set forth in Section 207-c and supporting case law.

(c) At the request of either the Department or the PBA, the employee may be required to submit on a timely basis to the designated medical consulting service described hereafter for a full medical evaluation; the result of the medical evaluation shall be submitted into evidence at the arbitration proceeding, joint committee meeting or 207-c hearing established to resolve the dispute over whether the employee was injured in the performance of the employee's duties.

6. In cases where a police officer alleges a recurrence or aggravation of a prior line-of-duty

injury as set forth in paragraph 4(b) above, which is disputed by the Department, said police officer may elect to have the dispute resolved at a due process hearing conducted pursuant to General Municipal Law Section 207-c or by the medical consulting service described herein. The decision of the hearing officer designated to conduct the 207-c hearing or the medical consulting service shall be final and binding on the Department and the police officer.

7. In disputed cases where the Department believes that a police officer who has been out of work as a result of a prior line-of-duty injury or illness (mental or physical) is capable both physically and/or mentally of performing either temporary limited duties or full duties as set forth in paragraph 4(c) above, the police officer may elect to have the dispute resolved at a due process hearing conducted pursuant to General Municipal Law Section 207-c or by the medical consulting service described herein. The decision of the hearing officer designated to conduct the 207-c hearing or the medical consulting service shall be final and binding on the Department and police officer.

8. Upon the election of the options described in paragraphs 5, 6 and 7, the police officer must waive his/her right to appeal any adverse determination, as well as any other right as may be granted by General Municipal Law Section 207-c. Within forty-eight (48) hours after notification by the Department to the member and the PBA of the existence of a disputed injury or illness as described in paragraphs 5, 6, and 7, the police officer, or the PBA acting on his/her behalf, must select an option. If a police officer, or the PBA acting on his/her behalf, fails to select an option within the required time frame, the Department may proceed with a hearing as provided for under Section 207-c of the General Municipal Law. Appointments with the medical consulting service shall be scheduled within seven (7) calendar days following the selection by the police officer. A police officer, upon written request, shall be granted a delay in the scheduling of such appointment for the purpose of securing medical reports as described in paragraph 12. The parties agree, however, that such police officer must submit to an examination within twenty-eight (28) calendar days of the date the dispute arose notwithstanding whether such records have been obtained.

9. The provisions of this Appendix A-1 shall be fully set forth and incorporated in the collective bargaining agreement currently in existence between the Department and the PBA. It is expressly agreed by all parties that any pending and future dispute as set forth in paragraph 4 above shall be resolved in accordance with the terms of this Appendix A-1.

10. The use of a medical consulting service shall be established by separate letter agreement, the terms of which shall coincide with the time periods of the

collective bargaining agreement. The medical facilities being utilized to carry out the intent of this Agreement may be changed at any time with the consent of both parties signatory to this Agreement. If the parties are unable to agree on the selection of a medical facility then the parties shall select an arbitrator pursuant to the rules of the Public Employment Relations Board. At the arbitration of the issue, both parties shall submit the names and qualifications of those medical facilities located in Nassau or Suffolk Counties. The arbitrator shall conduct a hearing and make a determination regarding the selection of the facility to be utilized during the existing term of the collective bargaining agreement.

11. The medical consulting service shall determine an employee's inability or fitness to perform temporary limited duty or full duty and whether such condition is of a temporary or permanent nature. If the condition is considered to be of a limited duration, then the medical consultant shall establish a date for that officer's re-evaluation. The parties agree that the examining physician assigned by the medical consultant service shall complete MEMBERS PHYSICAL CONDITION AND RESTRICTIONS REPORT, upon completion of the evaluation. The Department shall assign officers limited to restricted duty to duty assignments consistent with the restrictions noted on said report. Disputes concerning restricted duty assignments shall be resolved in an expedited basis by Arbitrator Martin Scheinman.

12. Medical consultants, prior to making their determination, shall receive copies of the employee's diagnostic reports, x-rays, lab reports, hospital records and such other clinical evidence as the parties may deem relevant which would enable the consultants to render their own objective determination. Records may not be unilaterally submitted to the medical consultants. All records shall first be screened at a joint meeting of the representatives of both parties who will then forward said documents to the medical consulting service.

13. All employees subject to medical disputes described in paragraph 4(c) shall be retained on full pay, Section 207-c status until a decision is rendered by the hearing officer, arbitrator or medical consultant. However, if the Department prevails on the issue, the employee shall be transferred from 207-c to sick leave (a/k/a "Code 301") status effective on the date the decision is rendered or the 15th calendar day after the dispute arose, whichever occurs sooner. However, in the event the medical consultant does not render a decision on or before the 15th calendar day after the dispute arose, through no fault of the employee, including the procurement of medical documentation or statements, the transfer from 207-c to sick leave status shall be effective the date of the decision.

14. Upon a favorable determination to the employee stemming from a dispute described in paragraph 4(b), the employee shall be credited with Section 207-c status retroactive to the date of the illness or injury or recurrence of same.

15. Following the return to work by an employee in a limited or restricted duty capacity, the effect of which subsequently may render the employee incapable of performing limited or restricted duty, the employee shall be re-examined by the medical consultant service, provided that the employee presents to the Department at his/her own expense a detailed report from a medical doctor specifying the changes that occurred in the employee's condition since his/her prior examination by the medical consultant service and how the changes have resulted in a deterioration of the condition. The parties agree that the employee shall remain on sick leave status while out of work and be charged with a reduction of leave accruals during the pendency of this re-examination period. Should the employee be found unfit for limited duty upon re-examination due to the injury or illness for which 207-c status had been granted, then his/her sick leave deductions shall be restored retroactive to the date the Department was notified by the physician of the change in condition.

16. The cost and expense of utilizing the independent medical consulting service to resolve the disputes as set forth in paragraphs 6 and 7 shall be split equally between the parties. However, the cost to the Suffolk County Police Benevolent Association, Inc. will not exceed Three Thousand Dollars (\$3,000.00) in the first year and Two Thousand Dollars (\$2,000.00) thereafter.

APPENDIX A

1. The purpose of this Agreement is to enable the SUFFOLK COUNTY POLICE DEPARTMENT (hereinafter referred to as the DEPARTMENT) and the SUFFOLK COUNTY POLICE BENEVOLENT ASSOCIATION, INC. (hereinafter referred to as the PBA) to resolve disputed cases of illnesses or injuries (physical or mental) resulting from incidents which reportedly occurred while police officers were performing their official police duties whether on or off duty. Section 207(c) of the General Municipal Law requires a due process hearing to resolve such disputes. The parties wish to resolve these disputes in a prompt, fair and equitable manner and consequently have agreement that these issues in dispute may be resolved through the use of an employee option to utilize an independent medical consulting service and/or arbitration in lieu of the above stated due process hearings.

2. Issues which shall be affected and/or determined by the use of an independent medical facility are as follows:

(a) Whether a physical illness or injury (physical or mental) suffered by a police officer was incurred in the performance of his/her duties.

(b) Whether a current illness or injury (mental or physical) is a recurrence or aggravation of a prior illness or injury (mental or physical) which occurred in the performance of police duties.

(c) Whether a police officer who incurred an illness or injury (mental or physical) as the result of the performance of police duties has sufficiently recovered and is physically and mentally able for either temporary limited duty assignments or full duty.

For the purposes of this Agreement, temporary limited duty shall be determined by the hearing officer or medical consulting service.

3. The Department may dispute the validity of a police officer's original illness or injury allegedly incurred in the performance of police duties, as set forth in paragraph 2 (a) above, within thirty (30)

calendar days of the date the department is notified of said illness or injury. Said police officer may elect to have the dispute resolved at a due process hearing conducted pursuant to General Municipal Law Section 207(c) or by an independent arbitrator selected pursuant to the rules of the Public Employment Relations Board. In addition, at the request of either the Department or the PBA, such employee may be required to submit on a timely basis to the designated medical consulting service described hereafter for a full medical evaluation; the result of said medical evaluation shall be submitted into evidence at the arbitration proceeding or 207(c) hearing established to resolve the causal connection dispute. The decision of the arbitrator or hearing officer designated to conduct the arbitration or the 207(c) hearing shall be final and binding on the Department and the police officer with respect to the issue of causal connection.

4. In cases where a police officer alleges a recurrence or aggravation of a prior line-of-duty injury as set forth in paragraph 2(b) above, which is disputed by the Department, said police officer may elect to have the dispute resolved at a due process hearing conducted pursuant to General Municipal Law Section 207(c) or by the medical consulting service described herein. The decision of the hearing officer designated to conduct the 207(c) hearing or the medical consulting service shall be final and binding on the Department and the police officer.

5. In disputed cases where the Department believes that a police officer who has been out of work as a result of a prior line-of-duty injury or illness (mental or physical) is capable both physically and/or mentally of performing either temporary limited duties or full duties as set forth in paragraph 2(c) above, the police officer may elect to have the dispute resolved at a due process hearing conducted pursuant to General Municipal Law Section 207(c) or by the medical consulting service described herein. The decision of the hearing officer designated to conduct the 207(c) hearing or the medical consulting service shall be final and binding on the Department and police officer.

6. Upon the election of the options described in paragraphs 3, 4 and 5, the police officer must waive his/her right to appeal any adverse determination, as well as any other right as may be granted by General Municipal Law Section 207(c). Within forty-eight (48) hours after notification by the Department to the member and the PBA of the existence of a disputed injury or illness as described in paragraphs 3, 4, and 5, the Police Officer, or the PBA acting on his/her behalf, must select an option. If a Police Officer, or the PBA acting on his/her behalf, fails to select an option within the required time frame, the Department may proceed with a hearing as provided for under Section 207(C) of the General Municipal Law. Appointments with the medical consulting service shall

be scheduled within seven (7) calendar days following the selection by the Police Officer. A Police Officer, upon written request, shall be granted a delay in the scheduling of such appointment for the purpose of securing medical reports as described in paragraph 10. The parties agree, however, that such Police Officer must submit to an examination within twenty-eight (28) calendar days of the date the dispute arose notwithstanding whether such records have been obtained.

7. The provisions of this Agreement shall be fully set forth and incorporated in the collective bargaining agreement currently in existence between the Department and the PBA. It is expressly agreed by all parties that any pending and future dispute as set forth in paragraph 2 above shall be resolved in accordance with the terms of this Agreement.

8. The use of a medical consulting service shall be established by separate letter agreement, the terms of which shall coincide with the time periods of the collective bargaining agreement. The medical facilities being utilized to carry out the intent of this Agreement may be changed at any time with the consent of both parties signatory to this Agreement. If the parties are unable to agree on the selection of a medical facility then the parties shall select an arbitrator pursuant to the rules of the Public Employment Relations Board. At the arbitration of the issue, both parties shall submit the names and qualifications of those medical facilities located in Nassau or Suffolk Counties. The arbitrator shall conduct a hearing and make a determination regarding the selection of the facility to be utilized during the existing term of the collective bargaining agreement.

9. The medical consulting service shall determine an employee's inability or fitness to perform temporary limited duty or full duty and whether such condition is of a temporary or permanent nature. If the condition is considered to be of a limited duration, then the medical consultant shall establish a date for that officer's re-evaluation. The parties agree that the examining physician assigned by the medical consultant service shall complete MEMBERS PHYSICAL CONDITION AND RESTRICTIONS REPORT, upon completion of the evaluation. The Department shall assign officers limited to restricted duty to duty assignments consistent with the restrictions noted on said report. Disputes concerning restricted duty assignments shall be resolved in an expedited basis by Arbitrator Martin Scheinman.

10. Medical consultants, prior to making their determination, shall receive copies of the employee's diagnostic reports, x-rays, lab reports, hospital records and such other clinical evidence as the parties may deem relevant which would enable the consultants to render their own objective determination. Records may not be unilaterally submitted to the medical consultants. All records shall first be screened at a

joint meeting of the representatives of both parties who will then forward said documents to the medical consulting service.

11. The Department agrees to retain all police officers subject to such medical disputes as described in paragraph 2(c) on full pay, line-of-duty injury status (401) until such date as a decision is rendered by the hearing officer, arbitrator or medical consultant. The parties agree, however, that if the Department prevails on the issue the Police Officer shall be transferred from 401 to 301 status effective the date the decision is rendered or the 15th calendar day after the dispute arose, whichever occurs sooner. However, in the event the medical consultant does not render a decision on or before the 15th calendar day after the dispute arose, through no fault of the employee, including the procurement of medical documentation or statements, the transfer from 401 to 301 status shall be effective the date of the decision.

12. The Department agrees that upon a favorable determination to the officer stemming from a dispute described in paragraphs 2(a) and 2(b), the police officer shall be credited with line-of-duty illness or injury status retroactive to the date of said illness or injury or recurrence of same.

13. Following the return to work by a Police Officer in a limited or restricted duty capacity, the effect of which subsequently may render the officer incapable of performing limited or restricted duty, the officer shall be re-examined by the medical consultant service provided that the officer presents to the Department at his/her own expense a detailed report from a medical doctor specifying the changes that occurred in the officer's condition since his/her prior examination by the medical consultant service and how such changes have resulted in a deterioration of the condition. The parties agree that the officer shall remain on 301 status while out of work and be charged with a reduction of such leave accruals during the pendency of this re-examination period. Should the officer be found unfit for limited duty upon re-examination due to the line-of-duty injury or illness, then his/her sick leave deductions shall be restored retroactive to the date the Department was notified by the physician of the change in condition.

14. The cost and expense of utilizing the independent medical consulting service to resolve the disputes as set forth in paragraphs (4) and (5) shall be split equally between the parties. However, the cost to the Suffolk County Police Benevolent Association, Inc., will not exceed Three Thousand Dollars (\$3,000.00) in the first year and Two Thousand Dollars (\$2,000.00) thereafter.

APPENDIX B

Substance Abuse Testing

In order to detect the illegal use of drugs or alcohol by members of this bargaining unit, the following procedures will become effective upon the signing of this agreement:

Screening

The Department's random drug testing program for Police Officers will test for the illegal controlled substances as incorporated in the Mandatory Guidelines for Federal Work Place Drug Testing Programs administered by the Substance Abuse and Mental Health Services Administration of the U.S. Department of Health and Human Services (SAMHSA). The Commissioner of Police will be responsible for the random scheduling and administration of screening tests as set forth below.

Selection of Personnel

Selection of personnel for testing will be accomplished by a secure randomized computer process. This procedure will be performed by a representative of the Police Commissioner and will be witnessed by a union representative designated by the P.B.A. President. No fewer than thirty five (35) officers and no more than eighty (80) officers on duty will be tested. If no more than eighty (80) workers are scheduled on a tour, then the Department shall have the right to test up to fifty (50%) percent of those members scheduled. The random selection of a member will not result in the member's name being removed from any future selection process. Employees will be randomly selected and notified to report to the testing location. After notification of the assigned test, the employee will be required to report for a test unless a physician directs that he/she is unable to do so.

Testing Procedures

1. The sample collection process shall be confidential and shall be performed in accordance with standards promulgated by SAMHSA.
2. The members shall provide a urine sample for purposes of testing for illegal controlled substances. The employee shall provide a sufficient amount of the sample to allow for initial screening, a confirmatory test and for later testing if requested by the employee.
3. Initial drug screening will be done by Enzyme Multiple Immunoassay Testing (EMIT). No sample will be further retested upon a negative screening for the specific illegal controlled substances, including marijuana. After the negative screening,

the second sample will be destroyed.

4. Each and every positive EMIT test will be confirmed using a Gas Chromatography - Mass Spectrometry test. Only if confirmed will a test result in a positive report. The Department shall provide the employee tested with a report of a positive test.
5. During the testing process, the member shall cooperate with requests for information concerning use of medications and with such other requirements of the testing process such as acknowledgement of giving of a urine or blood specimen.
6. The integrity of the testing process will be maintained with the utmost consideration for the privacy of the person being tested. Only one person, of the same sex as the person being tested, may be present during the collection of a urine specimen. If the necessary precautions to ensure legitimacy of the sample can be arranged without undue cost, an observer will not be required.
7. The laboratory must simultaneously collect two samples in separate containers. Each container shall have affixed a code number of the date of the collection. Both containers will be sealed in the presence of the member being tested, and will be maintained in a manner consistent with SAMHSA guidelines.
8. Any member whose drug test results in a positive report may, within ten (10) days of receiving the notification of such result, request in writing to the Police Commissioner, that the second sample be made available for retesting at a licensed certified laboratory of the member's choosing. The Department will deliver the sample to such laboratory to assure the chain of custody. The second testing shall be at the expense of the member.
9. Drug testing will be performed by a laboratory licensed or certified by SAMHSA and the New York State Department of Health.

Chain of Custody

The chain of custody block of the drug testing custody and control form shall be properly executed by authorized collection site personnel upon receipt of specimens. Handling and transportation of urine specimens from one authorized individual or place to another shall always be accomplished through chain of custody procedures. Every effort shall be made to minimize the number of persons handling specimens.

Reporting Results

Before any test result is reported (the results of the initial test, confirmatory test, or quality control data), it shall be reviewed and the test certified as an accurate report by the responsible individual. The report shall identify the drugs/metabolites tested for, whether positive or negative, the specimen number assigned by the Department and the drug testing laboratory specimen identification number. The laboratory shall report as negative all specimens that are negative on the initial test or negative on the confirmatory test. Only specimens confirmed positive shall be reported positive for a specific illegal controlled substance. Those test results which do not indicate the presence of an illegal controlled substance will be sealed and there will be no indication of testing in the member's personnel file.

The laboratory shall report test results to the designated Medical Review Officer (MRO) within five (5) working days after receipt of the specimen by the laboratory. The MRO, who shall be selected by the Department, must be a licensed physician with knowledge of substance abuse disorders and the appropriate medical training to interpret and evaluate test results. If the MRO receives a positive test result, he/she shall interview the individual in question, review the individual's medical history and review other relevant biomedical information. The MRO will evaluate these factors to determine whether a valid justification exists for the positive test result. If the MRO determines that valid justification exists, the test result will be treated as a negative test result and may not be released for purposes of identifying illegal controlled substance use.

Administrative Provisions

The County will also take appropriate action against a person and/or organization not employed by the County for violation of the confidentiality requirements.
2. The County and the Union agree that the provisions of this agreement, and its application may be considered by the parties' representatives who may recommend, if appropriate, amendments to this Appendix.
3. Any alcohol testing equipment utilized shall immediately be accuracy tested following any positive test result.
3. Any alcohol testing will only be administered by technicians with valid training certifications from the manufacturer or a certified Breath Alcohol Technician (BAT) trainer which shall be in accordance with Department of Transportation (DOT) Regulations.
4. No PBA unit member will be ordered to administer, observe or otherwise assist in any way in alcohol testing pursuant to this procedure.
5. All testing pursuant to this procedure, including but not limited to screening or initial testing and confirmatory testing shall be performed in compliance with the collection, testing and other requirements promulgated by the U.S. Department of Transportation, Federal Highway Administration.
6. Random alcohol testing shall only be performed simultaneously with, and upon the same individuals selected for, random drug testing pursuant to the Collective Bargaining Agreement. It is further agreed that reasonable suspicion alcohol testing shall be performed pursuant to the same procedures as reasonable suspicion drug testing pursuant to the Collective Bargaining Agreement. Nothing contained herein in any way modifies the County's right to undertake appropriate disciplinary action and/or seek termination for a first or subsequent offense with regard to such a positive test result.

7. Positive Alcohol Test

- A. Employees, who test positive for the use of alcohol, after being interviewed by the BAT, shall be relieved of duty.

- i. If the BAC test result is less than .08, but .04 or greater, then the non-probationary employee shall be suspended without pay for five (5) working days.
 - ii. If the employee has a BAC of .08 or greater, or has a second positive alcohol test (including a second BAC test result of .08 or greater), then the employee shall be suspended without pay for thirty (30) calendar days and directly referred to and immediately enrolled in an Employee Assistance Program. The employee shall fully and satisfactorily participate in any drug and/or alcohol abuse treatment plan specified by the EAP and shall not return to work or be restored to the payroll until he/she has fully and satisfactorily completed the course of treatment. The employee may utilize his/her accruals during any period of time suspended without pay and/or while enrolled in the EAP. In addition, the employee shall fully execute a consent form to be provided by the County as a condition of the County's willingness not to proceed immediately to a disciplinary hearing against the employee. If the employee ever revokes his/her consent, or refuses to fully execute subsequent consent forms deemed necessary by the County in order for it to satisfactorily confirm the employee's full and satisfactory compliance with this procedure, then the County shall have the right, upon prior written notice to the employee, to immediately proceed to terminate the employee's employment, subject to any applicable due process disciplinary hearing procedures. In this event, the employee hereby waives any and all rights he/she might otherwise have pursuant to any applicable law, rule, regulation or contract provision to assert the applicable statute(s) of limitation, to which he/she might otherwise be entitled relating to the termination of his/her employment.
 - iii. If the employee has a third positive alcohol test, or is a probationary employee, the employee shall be dismissed from employment, subject to any applicable due process disciplinary hearing procedures.
- B. The employee may exercise rights under the Collective Bargaining Agreement to challenge the basis for, and validity of, the testing.
- C. The employee shall be restored to the payroll for any period of time not covered by a suspension without pay and during which he/she has not been approved by the SAP to return to

work, unless the delay is the fault of the employee.

8. Any test result with a blood alcohol concentration below .04 shall constitute and be reported as a negative test. Said result will not be reflected, in any respect, in any Personnel or other Departmental file.
9. The penalties set forth in this procedure pertain only to positive alcohol tests and are separate and distinct from penalties which may be imposed as a result of a positive drug test or other basis for discipline.
10. Any employee who tests positive for alcohol shall be required to submit to and pass a return to work alcohol test before returning to duty. This test shall be administered as soon as practical upon the employee's return to work and shall be performed in conformity with the guidelines established in this procedure. If the employee tests positive on a return to work alcohol test, the positive result shall constitute an additional offense under this procedure.
11. The number of tests per year for random alcohol testing shall be in accordance with Police Department past practice regarding random drug testing.
12. Failure to comply with any provision of this procedure shall nullify the applicable test results.
13. The general prohibition of alcohol testing contained in Section 31(u) of the Collective Bargaining Agreement shall remain in full force and effect except as modified herein.
14. This Agreement shall become effective on April 4, 2003. It shall continue in full force and effect, unless otherwise modified in writing by the parties, or unless the parties' separately executed General Municipal Law Section 207-c procedure dated 4/4/03 is terminated pursuant to its terms.
